1. An extension of time under 37 CFR 1.136(a) is required in order to make an examiner's amendment which places this application in condition for allowance. During a telephone conversation conducted on August 2, 2007, G. Christopher Braidwood (41,631) requested an extension of time for 2 MONTH(S) and authorized the Director to charge Deposit Account No. 50-3866 the required fee of \$225.00 for this extension and authorized the following examiner's amendment. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 1, at line 1, please replace "along" with - - having a bend, a splitter, or a coupler structure and having"

In claim 1, at line 1, please replace "along" with - - having a bend, a splitter, or a coupler structure and having"

In claim 51, at line 1, please replace "along" with - - having a bend, a splitter, or a coupler structure and having"

2. The following is an examiner's statement of reasons for allowance: The addition of the formation of a bend, coupler or splitter structure in the waveguide structure formed provides a patentable difference between the prior art teachings and the claimed invention. In the case of EP 1338371, the laser machining proceeds in a straight line and there is no discussion of varying the polarization during the movement of the laser beam across the surface. The addition of these elements sets purely linear waveguides outside the scope of coverage sought. The prior art of record does not teach the varying of the polarization during the movement of the laser beam

across the surface for laser marking/etching/machining where the pattern is formed in the substrate (ie multiphoton excitation).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Martin J. Angebrannt whose telephone number is 571-272-1378. The examiner can normally be reached on Monday-Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Mark Huff can be reached on 571-272-1385. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
